#### PA Stands

- 1x PA Speaker Stands (Pair) with Carry Bag by Gear4music

#### Cables

- 3x Essentials XLR Microphone Cable, 3m
- 2x 2-Pole Speaker Cables

### Complete bundle for easy live sound setup

This bundle is designed to give you everything you need to get going – no extra gear required. Along with the SZPA-815 PA system, you get a three-piece dynamic microphone set with stands and XLR cables. The included speaker stands with a carry bag make transporting and setting up your rig simple, whether you're playing in a rehearsal room or hosting a local event.

The three-piece dynamic microphone set is ideal for vocals, speeches and general PA use. Each mic is built with a tough ABS shell and comes with a secure stand clip, making them reliable for on-stage or presentation use. They feature a tailored vocal frequency response, onboard mute switches and a plug-and-play design with no batteries required. Everything packs neatly into the included hard case for safe transport and storage.

Also included are three adjustable boom mic stands with stable tripod bases – suitable for use on stage or in a studio setup. You'll get clear, balanced audio straight into your mixer thanks to the three 3m Essentials XLR cables, designed for clean signal transfer and dependable day-to-day use. With the robust yet lightweight aluminium speaker stands and carry bag included too, this bundle gives you a full, flexible PA setup ready for rehearsals, live shows or events.

## Flexible control for sound shaping

Every input on the mixer has its own volume, bass and treble controls, so you can tweak each source independently. This helps reduce unwanted mic boom or harsh highs, especially useful when working with different performers or devices. For added depth, apply digital delay FX per channel – a handy way to thicken vocals or add space to guitar parts. The master output also includes a 5-band EQ to dial in the final sound to suit your room.

## Play music your way

The built-in digital media player accepts USB sticks, letting you play MP3s without extra gear. Switch to Bluetooth mode to stream wirelessly from your phone or tablet – ideal for setting the mood at events or playing walk-on music between performances. Playback controls are easy to access on the mixer face and everything works alongside your mic or instrument channels. There's also an RCA line input for devices like CD players or turntables, giving you even more playback options.

## Plenty of inputs and outputs for your setup

You'll find eight XLR mic inputs and a mix of line-level options, covering instruments, media players and other audio sources. Each input channel accepts either a balanced XLR mic or 1/4" jack line input. The back panel includes speaker outputs via 2-pole connectors, offering robust and reliable connections out to the two included speakers. There is also a sub-out on the front panel allowing you to combine the system with your choice of subwoofer, further bolstering your setup. All of this makes the SZPA-815 a flexible, no-fuss solution for a wide range of live sound needs.

## Specifications

### SubZero PMIX8 8 Channel Mixer

- **Channels:** 8
- **XLR Inputs:** 8
- **Line Inputs (Balanced):** 7
- **Line Inputs (Unbalanced):** 1
- **Line Outputs (Unbalanced):** 1
- **Speaker Outputs:** 2 x 2-Pole Speaker Connectors
- **Additional Inputs:** Stereo RCA
- **Onboard Effects:** Digital Delay
- **Effects Controls:** Level, Time, Repeat
- **Equaliser:** 2-Band Channel Eq, 5-Band Master Eq
- **MP3 Player Inputs:** USB, Bluetooth
- **Max Output:** 800W (400W Per Output Channel)
- **Peak Output:** 300W (150W Per Output Channel)
- **Rated Output:** 200W (120W Per Output Channel)
- **Temperature Control:** Fan Cooled
- **Dimensions (mm):** 450 (W) x 178 (H) x 223 (D)
- **Weight:** 5.6kg

### SubZero 15" Passive PA Speakers

- **Power (RMS/Peak):** 120W/480W
- **Speaker:** 15" woofer, piezoelectric tweeter
- **Frequency Response:** 45Hz - 20kHz
- **Max SPL:** 115dB
- **Sensitivity:** 95dB
- **Cabinets:** ABS

- **Mount:** Integral 35mm pole mount
- **Dimensions:** 470mm x 710mm x 350mm
- **Weight:** 10kg

## Boom Mic Stand

- **Mic Thread:** 5/8" (15.875mm)
- **Min Stand Height:** 900mm (floor to boom swivel)
- **Max Stand Height:** 1500mm (floor to boom swivel)
- **Stand with Full Extended Boom Height:** 970mm - 1515mm
- **Boom Arm Length:** 800mm

## 3 Piece Microphone Set by Gear4music

- **Microphone Element:** Dynamic
- **Polar Pattern:** Uni-directional
- **Frequency Response:** 80Hz 12KHz
- **Sensitivity:** -76dB±3dB (0dB=1V/Pa at 1kHz)
- **Output Impedance:** 600Ω ±20 (at 1kHz)
- **Switch:** On/off

## Essentials XLR Microphone Cable, 3m

- **Length:** 3m / 9.8ft
- **Connections:** Male Balanced XLR - Female Balanced XLR with unlocking button in metal enclosures
- **Cable type:** PVC jacket around 0.12x20 insulated conductors
